Dear Parents/Guardians,

COMMENCEMENT OF SUMMER TERM (THIRD TERM) VIA VIRTUAL LEARNING

In light of the extended ban on public gathering including but not limited to educational institutions, Management of Koans International School (KIS) has resolved to initiate a virtual learning programme (e-learning) for learners to ensure continuous teaching and learning for the summer term (third term).

As key stakeholders, Management would like to host a virtual meeting with all parents via an electronic platform (preferably ZOOM) if possible, on Saturday 9th May 2020 to seek your inputs and discuss the details as well as the financial commitments for both parents and the school.

However, parents/guardians who do not have the Zoom App should do well to download and set up by Friday 8th May 2020. Also, kindly confirm your availability and participation or otherwise by sending your email addresses (preferably Gmail) to the school platform.

Contact the administrator on **0559442509** should you face any challenge.

We promise to keep parents updated on any other related issue.

Thank you.

Management, KIS
